LITERACY 1 A (SCI)

LESSON NOTES TERM ONE 2026

0784540287/0751565742

PRIMARY ONE

WEEK TWO

THEME TWO

OUR HOME

Lesson 1

New words

place	where
people	live

A home is a place where people or animals live or stay.

Things which make up a home

Buildings	compound	bathroom
people	garden	kitchen
plants	toilet/ latrine	stored/granary
animals	dishrack	rubbish/dustbin

Things which a good home should have

toilet/latrine **bathroom**

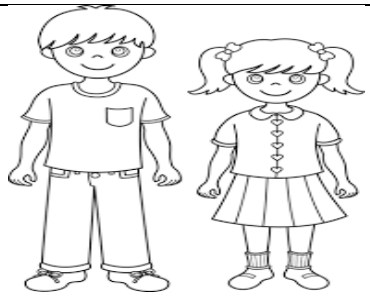

dustbin **dishrack**

kitchen

People in our home

father children

mother

Activity

Singing a song "I have a nice family……"

Exercise

1.Name these people we find at home.

2.What do we call a place where people or animals live?

REF:

MK Standard SST. bk.21page1

Monitor SST.bk.1 page 1

MK Junior Literacy bk1 page 11

Sharing our world bk.1page 1

LESSON 2 AND 3

NEW WORDS

group blood related marriage

A family

A family is a group of people related by blood, marriage or adoption.

Types of families

Nuclear family extended family

Nuclear family

It is a family with father, mother and their own children.

Draw and name members in a nuclear family

Extended family

It's a family with father, mother, children and other relatives.

Members of an extended family

Mother, father, children, relatives

Examples of relatives

uncle, aunt, niece, nephew, grandfather, grandmother, cousin.

Needs of a family

Land, houses, education, food, clothes, love and care, shelter, medical, security, land.

Basic needs of a family

Food, shelter, clothes, water,

Draw and name four needs of a family

Uses of family needs

Food – to feed on.
Houses – for shelter
Clothes – for wearing/ covering the body parts.
Land- for growing crops, grazing animals, building houses.

Ways of getting family needs

We grow crops in the garden
We buy food from the market, supermarket and shops.

Houses

We build houses
We buy or rent houses

Clothes

We buy clothes

Education

We get education from school

Roles of family members

Father	pays school fees buys food provides shelter protects the family buys clothes for the family
mother	cares for the family cooks food takes children to school breast feeds the baby
children	fetching water collecting firewood grinding pounding milking sweeping

Activity

Role playing roles of family members.

Sticking pictures of different roles.

Exercise

Why is a father useful in a home?

Name these roles of people at home.

REF:

MK Junior Literacy bk. 1 pg 13-14

Monitor SST. bk. 1pg 10-12

LESSON 4

NEW WORDS

rack transport granary kitchen

Things found in a home and their uses

Houses-for sleeping in.

Kitchen- for cooking from.

toilet- for defecating and urinating in.

Animals-

Some animals are used for transport.

Some animals protect us.

Some animals give us company.

Birds- some birds give us eggs.

Plants-some plants give us food.

Rack-for hanging on clean utensils.

Granary-for storing harvested food crops.

Mortar and Pestle-for pounding.

Activity

Observing things found in a home from MK Junior Literacy bk.1 pg15

Exercise

1.Why is a house important to people?

2.How are these items important at home?

granary ----------

rack ----------

LESSON 5

NEW WORDS

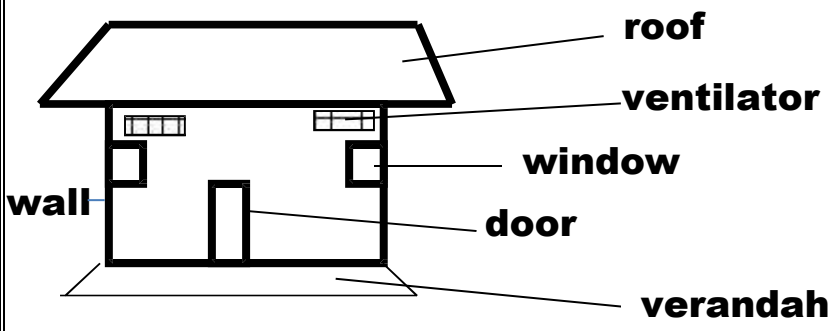

house window building wall

Parts of a house

What is a house?

A house is a building where people live.

Parts of a house

Activity

Sticking a picture of a house

Exercise

Name the parts of a house.

REF:

MK Standard SST. bk.1pg 8

Monitor SST.bk.1 page 11

WEEK 3

LESSON 6

NEW WORDS

bedroom bathing

dining toilet

Rooms found in a house and their uses

sitting room - for sitting in and welcoming visitors.

Bedroom -for sleeping in.

dining - for eating from.

Toilet - for defecating in.

Kitchen - for cooking from.

Bathroom - for bathing from.

Store - for keeping our things.

reading room - for reading from.

Activity

Reading about rooms in a house from text books.

Exercise

1.Name any two rooms found in a good house.

2.In which room of a house do we do the following?

Bathing ----------

Cooking ----------

LESSON 7

NEW WORDS

carpet radio table flower

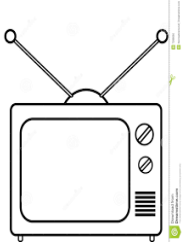

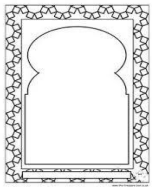

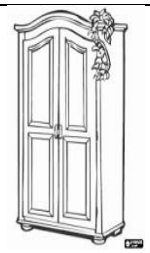

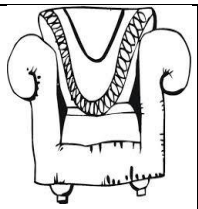

Things found in a sitting room

chair radio

table television

carpet cupboard

mat flowers

Activity

Observing things found in a sitting room from MK Junior Literacy bk.1

Exercise

Write down any three rooms found in a house

Draw and name any four things found in the sitting room.

LESSON 8

NEW WORDS

spoon knife saucepan charcoal

Things found in a kitchen and store

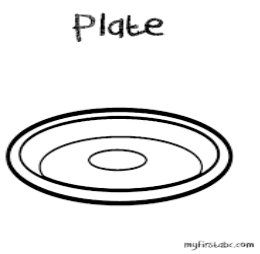

plates saucepans

cups forks

spoons charcoal

knives food

stove firewood

Activity

Sticking pictures of things found in the kitchen.

Colouring things found in the in the kitchen.

Exercise

Mention any two items found in a kitchen.

---------- ----------

Why do we need these items in the kitchen?

Charcoal----------

Knife ----------

LESSON 9 AND 10

new words

pillow bedroom

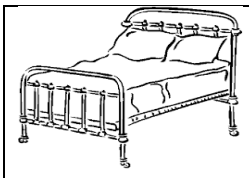

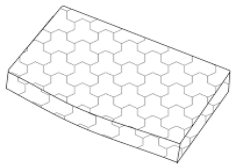

mattress blanket

Things found in a bedroom

bed bed sheets

mattress blanket

pillow mosquito net

Things found in a bathroom

basin water

soap bath tab

sponge towel

Sponge	**towel**	**soap**	**basin**

Activity

Sticking pictures of items found in a bathroom.

Observing things found in the bedroom from MK Junior Literacy bk.1

Exercise

Give any two problems people without a house may get.

Types of houses

There are two types of houses.
These are temporary houses and permanent houses

Temporary houses

These are houses built using weak building materials
Examples of weak building materials
Grass, mud, reeds, sticks, banana fibres
Examples of temporary houses are unipot, hut, tent, kiosk, mud house

Permanent houses

Examples of permanent houses are flats, bungalow These are houses built using strong building materials Examples of strong building materials
Cement, iron bars, iron sheets, timber, tiles, sand, bricks, blocks

Activity

Draw and name any three weak building materials. Draw and name any two permanent houses.

Uses of a house

1. We sleep in a house
2. A house protects us from the rain
3. A house protects us from strong wind
4. A house protects us from too much sunshine
5. A house gives us warmth
6. A house protects us from dangerous animals.
7. A house protects our property.

Building materials

Def: These are things we use to build houses. Examples of building materials

Grass, wood, mud, stones, sticks, reeds, blocks, poles, tiles, banana fibres, timber , bricks, strings, cement, cow dung, nails.

Weak building materials

These are used to build temporary houses

Examples are: cow dung, mud, banana fibres, reeds, grass, sticks, poles

Strong building materials

These are used to build permanent houses

Examples are: sand, bricks, or blocks, iron sheets, iron bars, nails, timber, cement, stones, tiles etc.

Sources of building materials

Stones		quarry
Sand		lake side/swamp
Grass		bush
Timber		forest
Reeds		bush
Bricks		swamp
Iron sheets	-	factory
Cement	-	cement factory
Nails	-	from the factory
Iron bars	-	factory
Tiles	-	factory

Activity

1. Draw and name any four building materials
2. Write the materials got from these sources

Bush ..... factory

..... swamp .....

forest .....

3. Draw and name any permanent house
4. Draw and name any two temporary houses.

WEEK 4

LESSON 11 AND 12

NEW WORDS

oxen	mutton	domestic animals
donkey	pork	

Animals found in a home and their uses

Cows give us beef and milk.

Cats give us company.

Dogs guard our homes

Pigs give us pork.

Sheep give us mutton and wool

Camels give us milk and are used for transport.

Goats give us milk and meat.

Donkeys are used for transport.

Oxen are used for ploughing and for transport.

Meat got from different animals.

Pork is got from pigs
Mutton is got from
sheep Fillet is got
from fish Chicken is
got from a hen Beef
is got from cows

Animals homes

A dog stays in
kennel A pig stays
in a sty
A lion stays in a den
A man stays in a house
A fish stays in water bodies

Ants and termites stay in an ant
hill A bird stays in a nest
A cow stays in a kraal/
byre A rabbit stays in a
hutch
A sheep stays in a
fold. A horse stays in
a stable A bee stays
in a hive
A spider stays in a spider
web A goat stays in a
shed/pen

Animal young ones

Dog	puppy
Pig	piglet
Duck	duckling
Cow	calf
Cat	kitten
Lion	cub
Elephant	calf
Sheep	lamb
Bird	nestling
Fish	fry
Rabbit	kitten
People	baby
Butterfly	caterpillars
Hen	chick
Frog	tadpole
Horse	foal

Animal sounds

A dog	barks
A duck	quacks
A sheep/goat	bleats
A snake	hisses
A cat	mews
A bird	whistles/sings
A bull	bellows
An elephant	trumpets
A lion	roars
A frog	crocks
A donkey	brays
People	cry / talk
A hen	clucks
A horse	neighs
A baby	cries

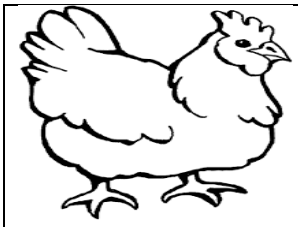

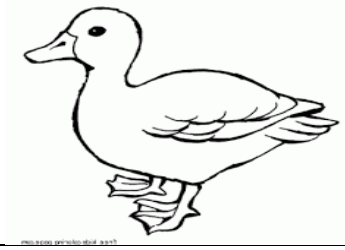

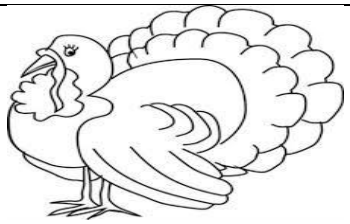

Animal movement

People	walk
Cows	walk
Hens	walk
Elephants	walk
Birds	fly
Fish	swim
A frog	hops / jumps
A baby	crawls
A snake/snail	glides / slithers
A caterpillar	wriggles
A dog	runs / walks
A crocodile/ baby/lizard	crawls

Birds found at home

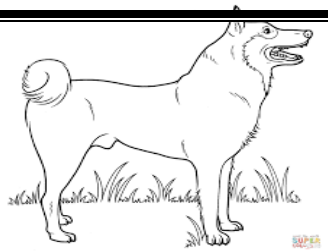

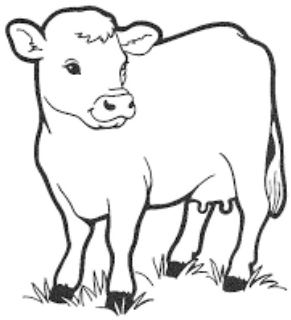

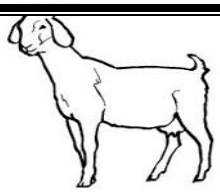

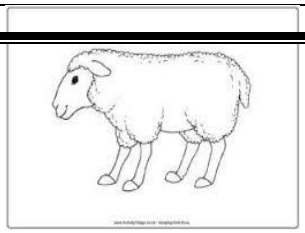

turkeys ducks

hens cocks

Activity

Observing animals found at home from the text books.

Exercise

Give any two animals used for transport.

Why is a cow important at home?

Name any two domestic birds that give us eggs.

LESSON 13 AND 14

new words

maize millet sorghum banana

Plants found in our home

maize	rice
cassava	sorghum
banana	sweet potatoes
millet	oranges
mangoes	pineapple

Uses of plants

They give us food.

They give us medicine.

They give us shade.

They give us oxygen.

They give us fire wood.

Activity

Nature walk around the school to see plants.

Exercise

Give any two uses of plants to people.

REF:

MK Junior Literacy bk. 1 pg 21

WEEK 5

LESSON ; 15

THEME; Human body and health

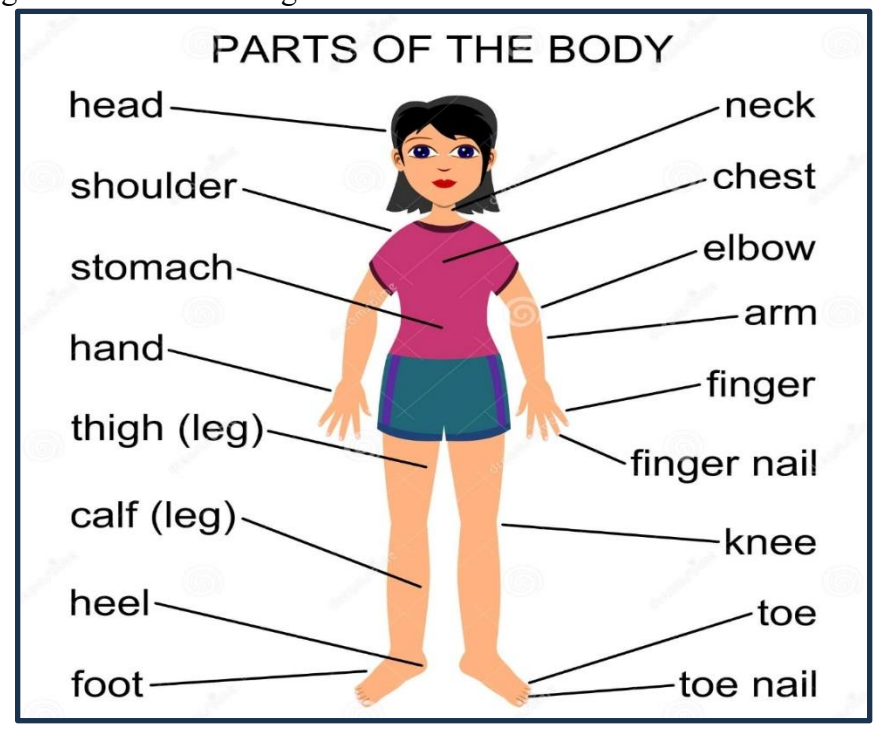

SUB –THEME; parts of the body

New words

nose thigh mouth navel

Parts of the body

head	ears	arm	neck
elbow	shoulders	nose	belly
Foot	tongue	navel	toes
Fingers	thigh	mouth	hair

ACTIVITY

-Sticking pictures of parts of the body.

-Singing songs

EXERCISE

1. Name and draw these parts of the body.

2.How many fingers do you have?

3.I have ……. Hands.

REF; MKintegrated cscibk 1 pg 1

LESSON;16

New words

Trunk limbs chest head

The main parts of the body

There are three main parts of the body

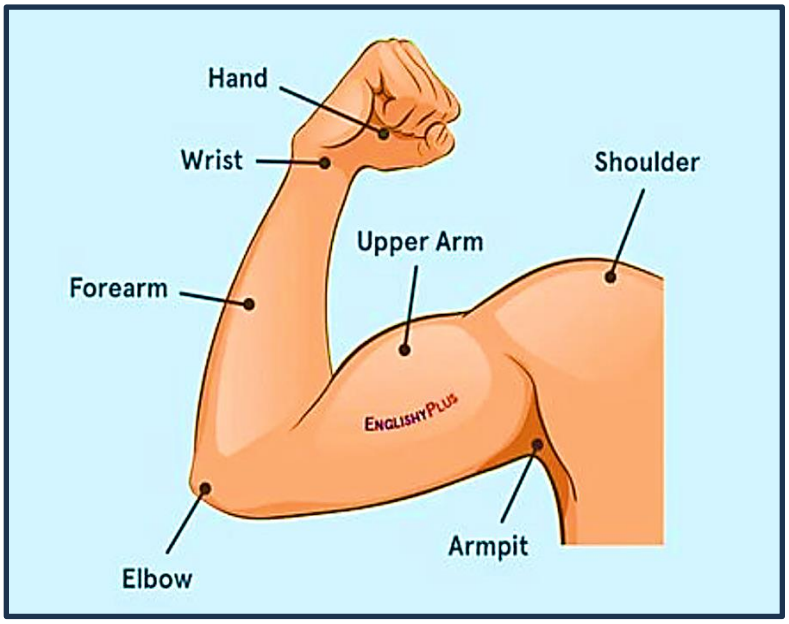

Head Trunk Limbs

Parts found on the head

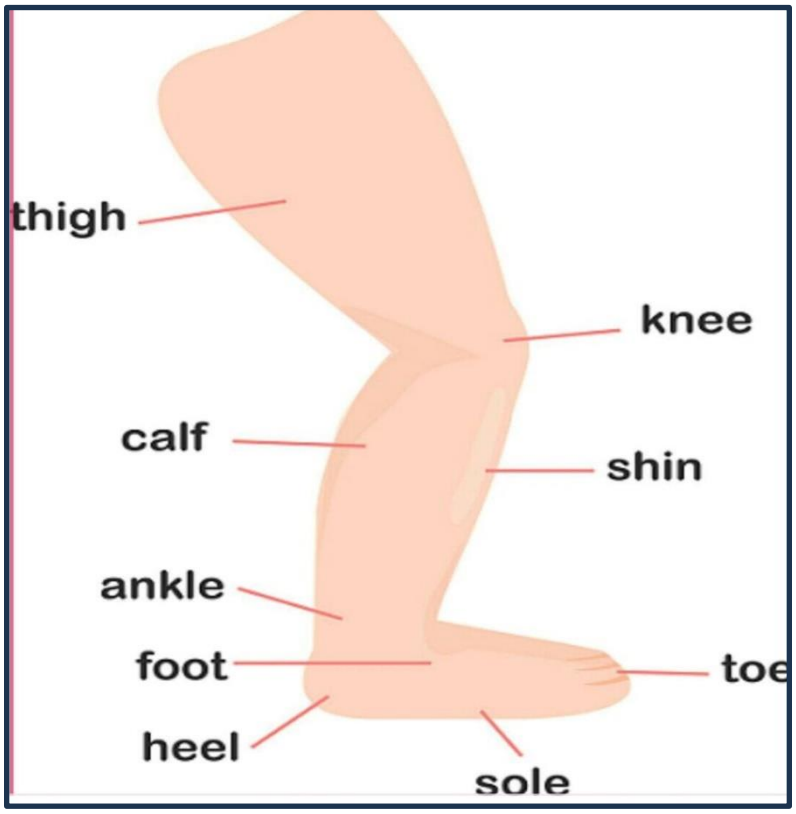

Eyes ears nose hair cheek chin lips

2. **Parts of the arm**

3. **Parts of the leg**

Parts found on the trunk

Neck chest breast navel belly shoulders

Back

Parts found on the limbs

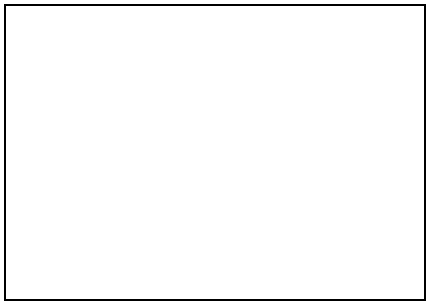

Elbow palm ankle nails toes thigh fingers

ACTIVITY

Singing a song ''God thought of making man…..''

EXERCISE

Draw a human head and name the parts found on it.

REF;MK INTEGRATED PRIMARY SCI BK I PG 1,2,3.

LESSON;17

New words

Tasting ankle touching fingers

Parts of the body and their functions

a) eyes ---------- for seeing
b) ears ---------- for hearing
c) tongue ---------- for tasting / for talking
d) nose ----------for smelling
e) hands ----------for holding / carrying
f) fingers----------for touching / writing
g) teeth ----------for chewing / biting /breaking food into small particles
h) feet----------for walking / running
i) hair ---------- for covering the head
j) mouth ---------- for eating talking

k) neck ----------for supporting the head
l) Finger nails ---------- for scratching our selves

m) buttocks ---------- for sitting

Senses and sense organs

There are five sense organs namely;

Eyes nose ears skin tongue

Sense	organ	use
Seeing	eyes	to see
Hearing	ears	to hear
Tasting	tongue	to taste
Smeling	nose	to smell
Feeling	skin	to feel

ACTIVITY

Singing a song ‘’oh be careful my eyes what you see….’’

Practical lesson using the sense organs.

EXERCISE

1. Which sense organ s do we use to;

a.see…. b.hear…….

2. Match the senses to their organs correctly.

Eye	smelling
Ear	feeling
Nose	seeing
Tongue	hearing
Skin	tasting

REF; pentagram basic cre bk1 pg6-7.

LESSON 18

New words

Hygiene razorblade cleanliness personal

What is personal hygiene?

Is the general cleanliness of a human body and things she or he uses.

Or is the way of keeping our bodies clean and things we use.

Ways of keeping the body clean.

-by bathing daily

-by brushing teeth

-by combing hair

-cutting the hair short.

-by cutting nails short.

ACTIVITY

Practical lesson; children will bring items used for personal hygiene.

EXERCISE

1.How do we keep these body parts clean;

a.finger nails-

b.teeth-

c.hair

2.Write the items used to clean the teeth.

REF;mk integrated scibk 1 pg 5.

Mk junior literacy bkpg 36.

LESSON 19

New words

Sponge toothbrush razorblade toothpaste

Items used for keeping the body clean

Sponge water toothpaste

Toothbrush comb nail cutter

Ear buds soap basin

ACTIVITY

-children will observe and identify items used to clean the body.

EXERCISE

1. What do we call the general cleanliness of the body and the things we use?

2. Draw these items used to clean our bodies.

Comb	toothbrush	razorblade

3.Write two items used when bathing

4.How is a comb useful to a p.1 child?

REF; MK Junior Literacy bk1 pg 37.

LESSON;20

New words

Germs diseases prevent remove

Importance of personal hygiene

-We practice personal hygiene to;

Prevent germs.

Prevent bad breath

Prevent bad body smell

Be healthy

Prevent some skin diseases

Remove dirt

ACTIVITY

Oral reading about the importance of personal hygiene from MK junior literacy pg114.

EXERCISE

1. Why do people bathe daily?

2. Mention any one danger of poor personal hygiene.

REF; MK Junior Literacy bk1 pg37.

WEEK 6

LESSON ;21

New words

-tooth decay diseases

-germs ring worm

Dangers of not practical personal hygiene

You get tooth decay

Bad body smell

You get skin diseases like; ring worms, scabies, athletes foot etc.

ACTIVITY

Observing pictures of people with poor personal hygiene from the text book

EXERCISE

1.identify any one skin disease which comes from poor personal hygiene.

2.Give two dangers of not keeping the mouth clean.

Fill in the missing letters

t—th dis-ases d-cay b-dy

REF;

LESSON;22

New words

Sanitation, place ,broom ,clean

Sanitation

What is sanitation?

Sanitation is the way of keeping a place clean.

Ways of keeping places clean

By sweeping by srubbing

By dusting by mopping

By picking rubbish by flushing the toilet

By spraying by smoking latrines

By slashing compound

ACTIVITY

Practicle lesson children will practically carry out activities of keeping places clean.

EXERCISE

Draw and name any two activities done to keep our environment clean

---------- is a way of keeping a place clean.

REF; MK J**unior**literacy bk 3 pg 42.

LESSON;23

New words

gloves ,dustbin ,toilet ,latrine

Things used to keep places clean

water,	soap	slasher	rake
mop/rag	dustbin	broom	hoe
axe	scrubbing	waste paper basket	

ACTIVITY

Sticking pictures of materials used for sanitation

Observing real items for sanitation

EXERCISE

1.How do we keep these places clean?

a. toilet b. classroom

c.latrine d.compoud

2.Draw and name any two things used to clean toilets.

REF; MKjunior literacy pg 51

LESSON;24

New words

germs housefly faecal sanitation

Importance of good sanitation

-To keep away germs

-To control houseflies

-To make our environment look beautiful

-To prevent bad smell

-To control faecal diseases

To promote good health

ACTIVITY

Children will read the importance of good sanitation.

EXERCISE

1. Why is it good to keep the toilets clean?

REF; MKintegrated primary sci bk3 pg 43

LESSON;25

New words

rubbish disposal burning burying

Rubbish disposal

It is the proper way of putting rubbish where it should be.

How to dispose rubbish

- By burying
- By putting it in rubbish pits
- By putting it in dustbins
- By burning

ACTIVITY

.Children will practically wash their hands

.Moving out to observe the rubbish pit.

EXERCISE

1. Mention any two ways of disposing rubbish.
2. Draw and name any four things used to dispose rubbish.

REF; Understanding Integrated Science book 1 page 78.

WEEK 7

LESSON 26

New words

malaria diarrhoea mumps trachoma

Common diseases

malaria	mumps	chickenpox	cancer
diarrhoea	influenza	scabies	diabetes
trachoma	ringworms	cholera	dysentery

ACTIVITY

Reading about common diseases from mk junior literacy pg 39

EXERCISE

Tick the curable diseases only.

AIDS, mumps, diabetes ,diarrhoea , malaria

REF; MK Junior Literacy bk 1 pg 39.

LESSON 27

New words

Cockroach mosquito housefly worms

How common diseases are spread

Malaria	Female anopheles mosquito
Flu	Air/dust
Trachoma	housefly
Diarrhea	Coackroach/housefly
Dysentery	Housefly,coackroach
Typhoid	Unboiled water

Other things that spread diseases

-sharing sharp objects

-sharing things for personal hygiene

-dust

-poor rubbish disposal

-failure to use toilets /latrines well.

-eating dirty food

ACTIVITY

Children will read the things that spread diseases from Mk junior literacy bk1 pg39

EXERCISE

1.what spreads malaria?

2.How is diarrhea spread?

REF; MKliteracyjJuniorbk 1 pg 39

LESSON 28

New words

diarrhoea malaria dysentery treated mosquito

Prevention of common diseases

Disease	prevention
Malaria	Sleeping under a treated mosquito net
AIDS	Not sharing sharp objects
Diarrhoea	Eating clean food
Dysentery	Drinking boiled water

Other ways of preventing common diseases

-by cleaning bushes around our homes

-by using the toilets well

-by covering our food

-by washing hands before eating food

-by keeping our homes clean

ACTIVITY

Children will read the prevention from mk junior literacy bk 1 pg 40-41.

EXERCISE

Mention the ways of preventing these diseases;

a. AIDS-
b. Dysentery-
c. Malaria-

REF; MKliteracy junior bk1 pg 40 -41.

LESSON 29

New words

Immunization measles polio tetanus

Childhood Diseases[immunization]

Immunisation is the giving of a vaccine to a person to prevent certain diseases.

Immunisable diseases

1. polio
2. whooping cough
3. measles
4. tuberculosis[TB]
5. diphtheria
6. tetanus
7. Influenza
8. Hepatitis B

ACTIVITY

Observing pictures of people suffering from immunization

Sticking pictures of people suffering from immunisable diseases

EXERCISE

Name these immunisable diseases

REF ; MK Junior Literacy bk 1 pg42.

LESSON 30

New words

typhoid rabies polio measles

Other immunisable diseases

rabies yellow fever

typhoid hepatitis B

haemopheilus influenza b

Importance of immunization

It promotes infant good health

It controls childhood diseases

ACTIVITY

Oral reading and observing pictures of immunisable diseases.

EXERCISE

Why do parents immunize their children?

REF;Mk Junior Literacy bk 1 pg 42.

END
