1. What is vegetation?

_____

2. List down the two types of vegetation

i) _____

ii) _____

3. How is natural vegetation different from planted vegetation?

_____

4. Outline any four examples of natural vegetation in Uganda.

i) _____

ii) _____

iii) _____

iv) _____

5. State any two uses of vegetation to man.

i) _____

ii) _____

6. Write down any four human activities that can affect vegetation.

Negative effect	**Positive effect**
i) _____	i) _____
ii) _____	ii) _____
iii) _____	iii) _____

7. State two ways how people care for vegetation.

i) _____

ii) _____

8. What type of wood is got from planted forests?

i) _____

ii) _____

9. Give two examples of trees that provide hard wood timber.

i) _____

ii) _____

10. Give examples of soft wood trees.

i) _____

ii) _____

11. State any three ways of protecting forests.

i) _____

ii) _____

12. State any three problems facing wetlands.

i) _____

ii) _____

iii) _____

13. Give any two reasons why man cuts down trees.

i) _____

ii) _____

14. In which district is Mabira natural forest?

_____

15. Give any three importance of forests to man.

i) _____

ii) _____

16. List down any three examples of natural forests.

i) _____
ii) _____
iii) _____

17. List down any three examples of planted forests.
i) _____
ii) _____
iii) _____

18. What is a swamp.
_____

19. Name the most swampy lake in Uganda.
_____

20. Why is lake Kyoga swampy?
_____

21. Why is Lake Kyoga shallow?
_____

22. State any two values of swamps to people.
i) _____
ii) _____

23. Name the commonest fish caught from most swamps.
_____

24. State any two dangers of swamps.
i) _____
ii) _____

25. Which type of vegetation covers the largest part of Uganda?
_____

WEATHER IN OUR DISTRICT

1. Define the term weather.
_____

2. Identify any four types of weather.
i) _____
ii) _____
iii) _____
iv) _____

3. Identify any three weather makers.
i) _____
ii) _____
iii) _____

4. Write down any two weather changes.

i) _____

ii) _____

5. What term is used to mean the study of weather conditions?

_____

6. How do we call people who study and tell us about the weather conditions of a particular place?

_____

7. What is weather forecasting?

_____

_____

10. What is temperature?

_____

_____

b) State the units used to measure temperature.

_____

c) Which instrument is used to measure temperature of an area?

_____

d) Mention any one liquid used in thermometers

i) _____

11. State one advantage of using mercury in thermometers.

_____

b) State two advantages of using Alcohol over mercury.

i) _____

ii) _____

12. Which instrument is used to measure the amount of sunshine in an area?

_____

13. State any two uses of sunshine

i) _____

ii) _____

14. Identify the three types of rainfall

i) _____

ii) _____

iii) _____

15. List down any two processes of rain formation.

i) _____

ii) _____

16. Name the instrument used to measure the amount of rainfall received in an area.

_____

b) What is the importance of a rain gauge to a farmer?

_____

c) Why is a rain gauge placed in a flat open place?

_____

d) Why is a rain gauge placed 30cm above the ground?

e) What is the importance of a rain gauge at a weather station?

17. Why is rain fall measured in millimeters?

18. Why does Kabale receive orographic rainfall?

19. What type of rainfall is received in Kalangala and Kampala district?

20. Name the type of rainfall received in flat areas.

21. Define wind.

22. Identify any three characteristics of wind.
i)
ii)
iii)

23. Outline any two importance of wind to man.
i)
ii)

b) State any two dangers of wind.
i)
ii)

24. Which instrument?
i) Shows direction of wind

ii) Measures the speed of wind.

iii) Shows the strength of wind

24. Mention any four types of clouds.
i)
ii)
iii)

b) How are nimbus clouds useful to farmers?

25. Name
i) The nearest clouds

ii) The highest clouds.

26. Give any two uses of clouds to man.
i)
ii)

27. State two dangers of clouds to man.
i)

ii) _____

28. Why is a Stevenson screen painted white?

_____

29. Name any two instruments kept in a Stevenson screen.

i) _____

ii) _____

30. What is the use of louvers on a Stevenson screen?

_____

31. Name any two instruments kept in a Stevenson screen.

i) _____

ii) _____

32. Apart from weather instrument, which other item is kept in a Stevenson screen?

_____

33. Why is a Stevenson screen built with wood?

_____

34. What is a Stevenson screen?

_____

35. What is a weather station?

_____

36. Why is a clinical thermometer not kept in a Stevenson screen?

_____

37. Give a reason why a rain gauge is not kept in Stevenson screen.

_____

38. Which instrument,

i) Shows the amount of water vapour in the atmosphere?

_____

ii) Shows the pressure of air.

_____

iii) Shows the sunshine received in a day?

_____

38. State any two dangers of rain.

i) _____

ii) _____

b) State any two importance of rain.

i) _____

ii) _____

Topic 1: vegetation in our district

1. Define the term vegetation. .....
   .....
2. Give the two types of vegetation.
   i)..... ii) .....
3. Name the vegetation that covers the largest part of Uganda.
   .....

i) .....
ii) .....
iii) .....
14. Name 3 planted forests in Uganda.
i) ..... ii) .....
iii).....
15. Give three importance of forests.
i) ..... ii) .....
iii).....
16. Define the following terms.
i) Deforestation .....
.....
ii) Afforestation .....
.....
iii) Re-afforestation .....
.....
iv) Agro-forestry .....
.....
v) Environmental degradation .....
.....
17. Give two uses of grasslands to man.
i) .....
ii) .....
18. Give four uses of vegetation.

i) .....
ii) .....
iii) .....
iv) .....

19. Name the body responsible for protection of the environment.
.....

20. List four factors affecting vegetation in your district.
i) .....
ii) .....
iii) .....
iv) .....

21. Name the two types of crops.
i) .....
ii) .....

22. What are cash crops? .....
.....

23. Give the two types of cash crops.
i) .....
ii) .....

24. Give four examples of cash crops.
i) .....
ii) .....
iii) .....
iv) .....

25. What are traditional cash crops? .....
.....

26. Give examples of non-traditional cash crops.
.....
.....

27. Give product got from the following.
i) Coffee .....
ii Tea .....
iii) Tobacco .....
iv) Cotton .....
v) Cocoa .....
vi) Pyrethrum .....
vii) Sim sim .....
viii) Palm oil .....

Topic 1: vegetation in our district

Topic 2: Stone age period

1. Define stone age. .....
   .....
2. Why was the period of early man called stone age period?
   .....
   .....
3. Name the 3 stages of stone age period.
   i) .....
   ii) .....
   iii) .....
4. What discoveries were made in the following stages?
   i) Early stone age period .....
   .....
   ii) Middle stone age period .....
   .....
   iii) New stone age period .....
   .....
5. Name the first animal to be tamed by man.
   .....
6. State any four ways early man got food.
   i) .....
   ii) .....
   iii) .....
   iv) .....
7. List any four places where early man lived.
   i) .....
   ii) .....
   iii) .....
   iv) .....

8. State any four importances of fire to early man.

i) .....
ii) .....
iii) .....
iv) .....

9. In which stone age period did early man live a settled life.
   .....
10. How was a dog useful to early man?
    .....
11. State any two advantages of the discovery of iron something to early man.

i) .....
ii) .....

12. What discovery marked the end of Stone age period?

.....

13. What is a stone age site? .....

.....

14. State any two importance of historical sites.

i) .....

ii) .....

15. What are fossils? .....

.....

16. Define the term Archaeology. .....

.....

17. Name 3 things archaeologists study about.

i) .....

ii) .....

iii) .....

18. Give 3 importance of stone age sites.

i) .....

ii) .....

iii) .....

19. List 4 examples of stone age sites in Uganda.

i) .....

ii) .....

iii) .....

iv) .....

20. Name the stone age site found in Kampala.

.....

21. What discovery helped early man to live?

.....

22. Draw and name any four stone age tools.

23. State the importance of the following tools to early man.

i) Bolas .....

ii) Cleaverer .....

iii) Borne niddle .....

iv) Hand axe .....

24. Draw a trap used by early man.

25. Define a museum. .....

.....

26. Give the importance of a museum.

.....

Topic 3: Ethnic groups in our district

1. Define the following terms.
   i) Ethnic group .....
   .....
   ii) Tribe .....
   .....
   iii) Clan .....
   .....
   iv) Kingdom .....
   .....
   v) Lineage .....
   .....
   vi) Family .....
   .....
   vii) Totem .....
   .....
2. Write down the four ethnic groups.
   i) .....
   ii) .....
   iii) .....
   iv) .....
3. Give four reason why ethnic groups migrated from their homelands.
   i) .....
   ii) .....
   iii) .....
   iv) .....
4. Name the cradle land of these groups of people.
   i) Bantu .....
   ii) Nilotics .....
   iii) Nilo Hamites .....
   iv) Hamites .....
5. Give two tribes under the;
   i) Bantu .....
   ii) Nilotics .....
   iii) Nilo Hamites .....
   iv) Hamites .....
6. State any two effects of ethnic migrations.

i) .....
ii) .....

7. Outline any four problems faced by ethnic groups on their way to Uganda.

i) .....
ii) .....

iii) .....
iv) .....

8. Name the language spoken by the following tribes.
   i) Bagisu .....
   ii) Iteso .....
   iii) Bakiga .....
   iv) Acholi .....
   v) Karajongs .....
   vi) Baganda .....
9. How are the Baganda and Bagishu related? .....
   .....
10. Give the titles given to the cultural leader of the following.
    i) Acholi .....
    ii) Iteso .....
    iii) Tooro .....
    iv) Basoga .....
11. Give 3 symbols of a clan.
    i) .....
    ii) .....
    iii) .....
12. What is a legend? .....
    .....
13. Give two legends told by the Bantu.
    i) .....
    ii) .....
14. What lesson do we learn from the story of the bead and the spear?
    .....
15. Name the brother of Nambi who was kind.
    .....
16. What does the name;
    i) Walumbe mean .....
    .....
    ii) Kayikuzi mean .....
    .....
17. Define the following terms.
    i) Migration .....
    .....
    ii) Rural urban migration .....
    .....
    iii) Urban rural migration .....
    .....
18. Give two causes of rural urban migration.

    i) .....
    ii) .....
19. List four problems faced by people in towns.
    i) .....
    ii) .....

iii) .....
iv) .....

20. What is a slum?
.....
.....

21. Give two dangers of slums.
i) .....
ii) .....

22. What should the government do to encourage rural urban migration?
.....

23. Give two types of family.
i) .....
ii) .....

24. What is a nuclear family? .....
.....

25. List two advantages of a nuclear family.
i) .....
ii) .....

26. Give two disadvantages of an extended family.
i) .....
ii) .....

27. Who heads a family? .....

28. What is the duty of a head of a family? (give two)
i) .....
ii) .....

29. Give two duties of children at home.
i) .....
ii) .....

Topic 4: Population in our district.

1. What is population? .....
.....
2. What is population distribution? .....
.....
3. State any four causes of population growth.

i) .....

ii) .....
iii) .....
iv) .....

4. What is population growth? .....
.....

5. State any three causes of population growth.
i) .....
ii) .....
iii) .....

6. Give three dangers of high population.
i) .....
ii) .....
iii) .....

7. List any three advantages of a high population in an area.
i) .....
ii) .....
iii) .....

8. What is population density? .....
.....

9. State any two advantages of low population in an area.
i) .....
ii) .....

10. List any two disadvantages of a low population in an area.
i) .....
ii) .....

11. What is over population? .....
.....

12. Suggest any three ways of checking population growth in an area.
i) .....
ii) .....
iii) .....

13. List any four natural hazards that can lead to population decrease in an area.
i) .....
ii) .....
iii) .....
iv) .....

14. What is population census? .....
.....

15. State any four reasons why the government carries out population census.
i) .....
ii) .....
iii) .....
iv) .....

16. Who is an enumerator? .....
.....

17. List any four items collected by enumerators during population census.
i) .....

ii) .....
iii) .....
iv) .....

18. Why does the government carry out population census after every ten years?
.....
.....

19. Define population structure.....
.....

20. List any four problems faced by enumerators during population census.
i) .....
ii) .....
iii) .....
iv) .....

Topic 4: Population in our district.

21. What is population? .....
.....

22. What is population distribution? .....
.....

23. State any four causes of population growth.
i) .....
ii) .....
iii) .....
iv) .....

24. What is population growth? .....
.....

25. State any three causes of population growth.
i) .....
ii) .....
iii) .....

26. Give three dangers of high population.
i) .....
ii) .....
iii) .....

27. List any three advantages of a high population in an area.
i) .....
ii) .....
iii) .....

28. What is population density? .....
.....

29. State any two advantages of low population in an area.
i) .....
ii) .....

30. List any two disadvantages of a low population in an area.
i) .....

ii) ……

31. What is over population? ……

……

32. Suggest any three ways of checking population growth in an area.

i) ……

ii) ……

iii) ……

33. List any four natural hazards that can lead to population decrease in an area.

i) ……

ii) ……

iii) ……

iv) ……

34. What is population census? ……

……

35. State any four reasons why the government carries out population census.

i) ……

ii) ……

iii) ……

iv) ……

36. Who is an enumerator? ……

……

37. List any four items collected by enumerators during population census.

i) ……

ii) ……

iii) ……

iv) ……

38. Why does the government carry out population census after every ten years?

……

……

39. Define population structure.……

……

40. List any four problems faced by enumerators during population census.

i) ……

ii) ……

iii) ……

iv) ……

Topic I. DISTRICT LEADERSHIP

1. Name the official responsible for payment of civil servants in the district.
