……

33. Apart from oxygen, give any **one** other condition necessary for germination.

……

34. Give any **one** way in which filtration method is important at home.

……

The diagram below shows a clay soil product. Use it to answer questions **35** and **36**.

35. Name the clay product drawn above.

……

36. State **one** way the above clay product is useful at home .

……

37. State the energy change that takes place when a stone falls on the ground.

……

38. Write down any **one** way mouth to mouth breathing is important to a near drowned person.

……

39. State any **one** reason why a farmer is important to keep farm records

……

40. Give **one** reason why does water drain faster in sand soil.

……

SECTION B: 60 MARKS

Questions **41** to **55** carry four marks each

41. (a) Name any **one** component of the soil.

.....

(b) Give any **two** uses of soil living organisms.

(i) .....

(ii) .....

(c) State **one** way of caring for the seedlings in the nursery bed.

.....

42. (a) Use the list below to complete the given life cycle of a certain insect

..... ⇨ **Y** ⇨ Adult

(b) Name one insect vector disease with the above life cycle.

.....

(c) Explain how the above vector can be controlled in the environment (02 Marks)

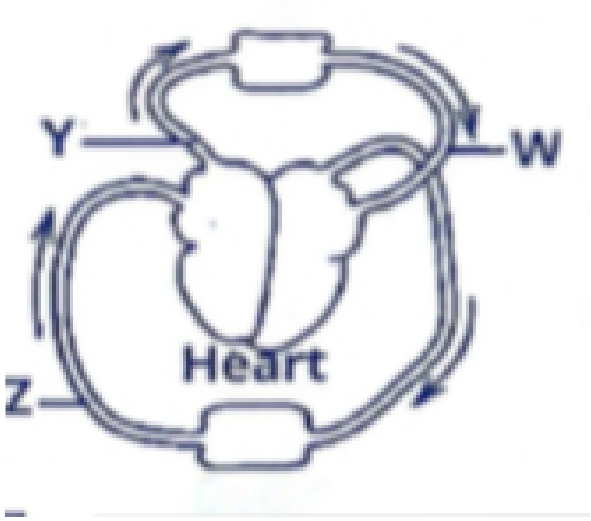

.....

.....

.....

.....

43. The diagrams below shows parts of an eye. Study it and use them to answer the questions that follow.

(a) Give the function of blood vessel marked **W**.

……

(b) Name the letter on the above diagram that shows the blood vessel that returns blood to the heart from all body parts.

……..

(c) Name the parts marked **W** and **X**.

(i) **W** ……

(ii) **Y** ……..

44. (a) State the function of each of the following on a VIP latrine;

(i) Screen : ……

(ii) Vent pipe: ……

(b) State any **two** ways of keeping the ordinary pit latrine clean.

(i) ……..

(ii) ……

45. (a) Mention any one example of a cattle disease spread by a tsetsefly.

…….

……

(b) State any **one** example of an internal parasite in cattle.

……..

(c) Give any **two** ways in which you can prevent internal parasites in cattle.

(i) ……

(ii) ……

46. (a) Name any two principles of Primary Health Care.

……

……

(b) State the element of Primary Health Care promoted by brushing teeth.

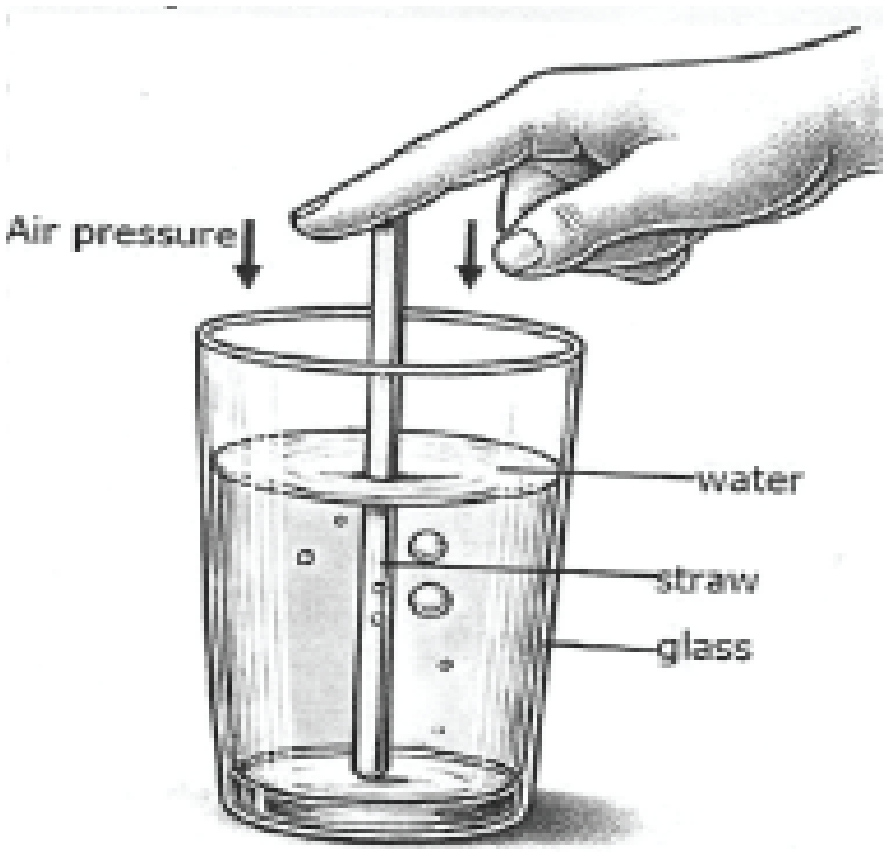

……

(c) Give one way of caring for the invalid at home

……..

……..

47. Study the diagram below and use it to answer the questions that follow.

(a) State the role of the following in the above experiment

(i) Straw :……

(ii) Glass :……

(b) State any **one** way in which the above property of air is important in the environment.

……

(c) Give any **one** other property of air apart from the one drawn above

……

……

48. (a) Give the meaning of poultry vice.

……..

(b) Mention any **two** examples of poultry vices in a poultry house.

(i) ……

(ii) ……

(c) State any **one** cause poultry vices in a poultry house.

……

49. (a) Name the body organ that help in respiration.

……

(b) State any **two** ways of maintaining the body organ given above.

(i) ……

(ii) ……

(c) Mention any **one** disease that affects the above body organ

……..

……..

50. (a) Name the digestive juice produced in the;

(i) Duodenum :.....

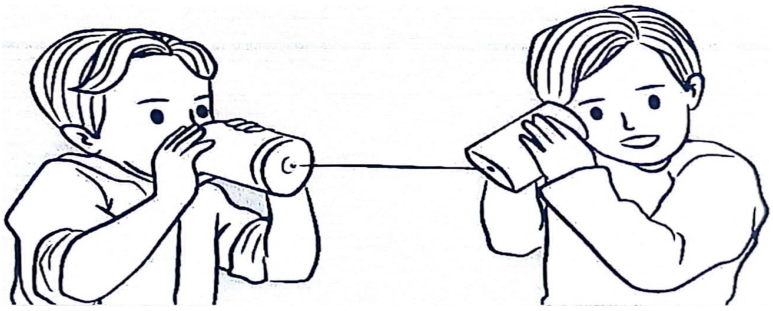

(ii) Ileum : .....

(b) Mention any **two** diseases that affect the digestive system.

(i) .....

(ii) .....

51. The table below shows an experiment on sound. Study and use it to answer the questions that follow.

(a) State what the experiment above demonstrate about sound.

.....

(b) Give **one** way sound is important to people like the blind.

.....

(c) State any **one** in which sound is similar to heat.

.....

(d) Identify any **one** source natural sound in the environment.

.....

52. (a) Name the organisms that make food go bad.

.....

(b) Name the method of preventing the following food stuffs from going bad;

(i) cooked beans.

.....

(ii) fresh fruits.

.....

(b) Give any **one** way in which sun drying prevents fish from going bad.

.....

53 (a) Name the physical process involved in the water cycle.

.....

(b) State what happens to water when the sun heats water bodies.

.....

(c) State one way the plants are important of in the formation of rain.

.....

(d) Give any **one** way in which rainfall support the life of people.

.....

54. The diagram below shows a garden tool used in our community. Study and use it to answer the questions that follow.

(a) Name the garden tool drawn above.

……

……

(b) Give one way of caring for the garden shown above.

……

(c) Give any other example of a garden tool in our community.

……

55. (a) Write down any **two** examples of deficiency diseases

(i) .....

(ii) .....

(b) Give any two ways of caring for a child suffering from kwashiorkor

.....

.....

END
