WEEK 1 HOME WORK FOR P.7 TERM II 2018 NO. 1

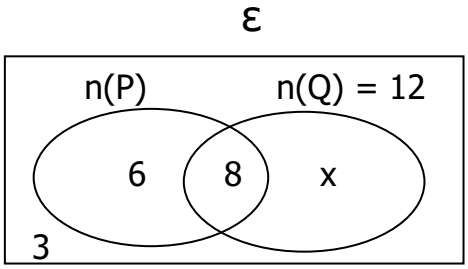

Name: …… Stream: ……

Mathematics

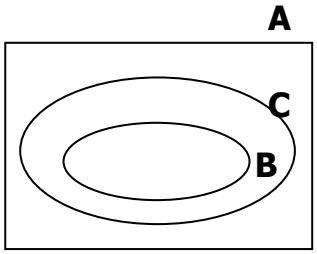

1. Given that set Q = {odd numbers less than 10}. Find n(Q)
2. Describe the shaded region.

3. Draw a Venn diagram to show that all girls (G) are Females (F).
4. Find the value of x in the Venn diagram.

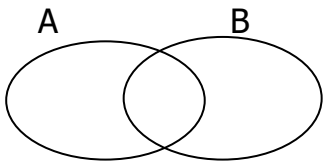

5. Two coins were tossed once, list down all the possible outcomes.
6. What is the relationship between set A, B and C below?

7. If P and Q are sets, draw a Venn diagram to represent the relationship $P \cap Q$.
8. Given that set A = {1, 3, 4, 6, 8}, $A \cup B$ = {1, 2, 3, 4, 5, 6, 7, 8} and $A \cap B$ = {3,6}. Find n(B)
9. If set P = {1, 2, 3, 4} and $P \cup Q$ = {1, 2, 3, 4, 5, 6} Find n(Q)

10. In the diagram below, shade the region that represents only members of set B.

11. In a box, there are 20 pens, 3 of them are blue, 9 are black and the rest are red. Find the probability that a pen picked at random is:
    (i) Blue
    (ii) Black
    (iii) Red
12. In a class of 40 pupils, 25 enjoy Mathematics (M), 19 enjoy English (E), x enjoy both and 2 do not enjoy any of the two subjects.
    (a) Draw a Venn diagram to represent the above information.
    (b) Find x.

Social Studies

1. Name one district in Uganda crossed by the latitude 0^0.
2. Which department in the Ministry of Internal Affairs registers foreigners that would like to become Ugandans?
3. What is the major effect of the International dateline to the world?
4. What evidence shows national mourning within a country like Uganda?
5. Suggest one tourist attraction feature found in Libya but not in Uganda.
6. Why is the year 1894 important in the political history of Uganda?
7. Why do soldiers wear uniforms?
8. Name the first railway line to be built in East Africa.
9. Why is 8th October 1995 remembered in Uganda's political history?
10. Where in Uganda do we find snow?
11. Write one correct statement about Apollo Kivebulaya.
12. What causes ocean currents?
13. How does revolution of the Earth affect farmers?
14. Which East African country fully lies in the Southern hemisphere?

WEEK 1 HOME WORK FOR P.7 TERM II 2018 NO. 1

Name: ……Stream:……

English

Use the correct form of the word in the brackets to complete the sentences.

1. When the teacher entered the classroom, he realized that the girl _____ (collapse)
2. Angella is a naughty girl, she always _____in class. (whisper)
3. By next year, we _____ our end of year exam. (sit)

Use a suitable word or group of words to fill in the blank spaces.

4. All the pirates were charged _____theft in the courts of law.
5. How high can you _____ that mountain?
6. Andama thinks that he is _____handsome boy in our class.
7. Mr. Kajambiya the _____ hasn't any meat.

Use the following words in separate sentences.

8. bare
9. bear

Re-write the following sentences giving the opposite form of the underlined words.

10. Kamulali drew a crooked line on the chalkboard.
11. The presence of the army officers frightened all the guests.
12. All the bachelors should have gone for a seminar.

Write the following in full forms.

13. Tel. _____
14. Mr. _____
15. w.e.f _____

Science

1. What is nutrition?
2. State any one method of preserving food.
3. State any one disorder of the digestive system.
4. Give any one property of magnets.
5. Mention any one use of an electro magnet in a school.
6. Give any example of a natural magnet.
7. Define a short circuit.
8. Write down one way of preventing short circuit.
9. State the colour of the live wire.
10. How is a snail different from a slug?
11. What is castration in cattle keeping?
12. Give one advantage of food taboos.
13. How is sound energy produced?
14. What first aid would you give to a person who has got a fractured arm?
15. Draw an experiment to show transpiration.

WEEK 1 HOME WORK FOR P.7 TERM II 2018 NO. 2

Date: Wednesday 21st May, 2018

Name: ……Stream:……

Mathematics

1. Write in Roman Numerals 149.
2. Subtract $2\ 1\ 1_{five} - 114_{five}$
3. A taxi carries 14 passengers a trip and every trip costs a passenger shs. 500. How much money can be collected if the taxi makes 12 trips?
4. Workout:

$$\begin{array}{r} 1\ 0_{two} \\ +\ 1\ 1_{two} \\ \hline \\ \hline \end{array}$$

5. Find the square of 16.
6. Find the next number in the sequence 9, 3, 1, $^1/_3$, ____
7. Write 4056 in scientific form.
8. Draw an abacus to show the number 4302.
9. The sum of 3 consecutive odd numbers is 39. List down all the numbers.
10. There are three streams of P.7 in a school with 15, 10 and 18 pupils respectively. Find the least number of text books that can be distributed to each stream without leaving any remainder.
11. A businessman has 200 bags of maize flour each weighing 50kg.
    (a) Find the total weight of the bags in tonnes.
    (b) If a pick-up carries 2 tonnes per trip, workout the number of trips the pick-up will make to transport the whole flour from the milling machine to his shop.
12. Two bells ring at intervals of 30 and 40 minutes for lower and upper primary respectively.
    (a) How long will the two bells take to ring together again?
    (b) If the bells first ring at 9:10 a.m. when exactly will they ring together again?

Social Studies (WK 1 HOME WORK FOR P.7 WK 1)

1. How does the suez canal contribute to economic development of Africa?
2. Give one economic advantage of a high population in a country.
3. Give one problem faced by the tourism industry in Africa.
4. Why do trees in equatorial regions grow tall?
5. What is agro forestry?
6. What causes day and night?
7. Which continent is considered the smallest in the world?
8. When is the sun over head the tropic of cancer?
9. How are deciduous trees able to survive long droughts without withering away?
10. Why is tourism referred to as an industry?
11. Which East African country was affected most during the First World War?
12. State any one cause of Maji Maji rebellion.
13. What is climate?
14. What is meant by the term National Budget?

WEEK 1 HOME WORK FOR P.7 TERM II 2018 NO. 2

Date: Thursday 22nd May, 2018

Name: …… Stream: ……

English

Use the correct form of the words in the brackets to complete the sentences.

1. Mukajanga was a very _____ man. (courage)
2. The most _____ part of the story was unfortunately left out. (amuse)
3. A _____ man defiled a three year old girl! (heart)
4. All the prefects should be _____people. (rely)

Fill in the blank spaces with a suitable word or group of words.

5. Kaibanda accidentally fell _____the bicycle.
6. The new rules apply _____ all pupils of this school.
7. The twins shared the apple _____themselves.

Arrange the following words to form sensible sentences.

8. is bought who gift my the father the me one.
9. is what beautiful a girl Murungi!

Complete the table below correctly.

	Creature	Sound	Motion
10.	lamb	_____	frisks
11.	_____	chatters	climbs
12.	pig	grunts	_____
13.	cat	_____	steals

Write one word for the underlined group of words.

14. I dreamt that I was with a group of angels.
15. The man who treats teeth has come here.

SCIENCE

1. Give the first stage of a village food path.
2. Name the structure which joins a muscle to a bone in the human body.
3. Give one reason for giving first aid.
4. Suggest one way of controlling pests in a garden.
5. Give one use of leaves to man.
6. How useful are gills to man?
7. Give the use of the garden tool below.

8. What term is used to describe insects which live and work together?
9. Which vitamin help to prevent people from getting scurvy?
10. What is the importance of flowers to a plant?
11. Name the type of germination shown below.

12. How are ventilators useful to a house?
13. State one use of food in the body.
14. Mention one crop that gives us fibre.
15. What causes Kwashiorkor?

Date: Monday 26th May, 2018

Name: …… Stream: ……

Mathematics

1. What percentage of Sh. 120 is sh. 30?
2. 60% of the children in the school are girls. If there are 1560 children, how many boys are in that school?
3. Express 400g as a percentage of 10 kilogrammes.
4. Mary deposited Shs. 40,000 in a bank which offers an interest of 12% per year. How much money will Mary get after a month?
5. School fees of a certain school was reduced from sh. 90,000 to shs. 60,000. Calculate the percentage decrease.
6. Opio is 32kg and Okello is 40 kg. Find the ratio of Opio's weight to Okello's.
7. In a class, the ratio of boys to girls is 2:3. If there are 27 girls in the class, find the total number of pupils in that class.
8. Out of 120 pupils who took the test, $^1/_3$ were girls. How many boys took the test?
9. If 5 bags of sugar cost sh. 500,000, find the cost of each bag.
10. A bag of cement costs sh. 25,000. How much will it cost after 30% increase?
11. A house was built by 6 men in 12 days each earning shs. 3000 per day.
    (a) How much money did the 6 men earn to complete the house?
    (b) How long would it take 9 men working at the same rate to build the house?
12. In Rubaga division, 45% of the residents go to work by car, 20% by boda boda and the rest walk to work.
    (a) What percentage walk to work?
    (b) If 800 people use boda bodas, how many dwellers live in Rubaga Division?
    (c) What fraction of the population in Rubaga use cars to work?

Social Studies (WK 3 HOME WORK FOR P.7)

1. How was Ndahura related to Isaaza?
2. Which system of administration was introduced in Tanganyika by the Germans?
3. Why were Kabaka Mwanga and Kabalega exiled to Seychelles Islands?
4. What makes a camel able to live in the desert conditions?
5. Why are desert areas very hot during day and very cold during the night?
6. In which way does climate determine people's way of dressing?
7. How best can crop growing be made possible in mountainous areas?
8. In which units is rainfall measured?
9. Give one reason why subsistence farming is commonly practiced in Uganda.
10. Give one advantage of "pipeline" as a type of transport.
11. State the similarity between lakes Kyoga and Victoria.
12. How important was Entebbe during the colonial period in Uganda?
13. State one reason why Governor Hesketh Bell introduced cotton growing in Uganda.
14. Which political movement fought for the independence of Kenya?

WEEK 2 HOME WORK FOR P.7 TERM II 2018 NO. 3

Date: Tuesday 27th May, 2018
Name: …… Stream: ……

English

Re-write the following sentences as instructed in brackets;

1. The teachers arrived at the fundraising function in time. (Re-write using: …….reached……..)
2. Kamya walked to the assembly ground at 8:00 am. (Re-write using: …….arrived at……)
3. The organizers were late for the ceremony. (Re-write using: ……..reached…….)
4. The guests got to the school very early in the morning. (Re-write using: …..arrived…..)
5. The guardians were in Kampala in the morning. (Re-write using: …..reached….)

Write the following in full.

6. Viz - _____
7. R.I.P - _____
8. i.e - _____
9. Rt. Rev. _____
10. e.t.c - _____

Science

1. Give one cause of environmental degradation.
2. Mention one danger of pre-marital sex to girls.
3. Why is spraying a good practice in cattle management?
4. Below is a diagram of a bean seed, how useful is part marked Z?

5. How useful is an echo to a sailor?
6. Mention the form of energy that causes evaporation.

7. Which blood cells are mainly affected by the HIV germ?
8. Write down one STD caused by a virus.
9. Apart from being used as an STD control method, give one other importance of using a condom.
10. Why is hardening off important to seedlings in a nursery bed?
11. Write a property of magnets used to find direction.
12. Why is a ramp or slope useful when loading goods on a lorry?
13. State one danger of improper disposal of faeces.
14. State any one bad effect of alcohol to a family.
15. Give any one energy resource from animals.
