PRIMARY SEVEN SOCIAL STUDIES (SST) LESSON PLAN - TERM I (2026)

0700416895

1. Class Information

Class	Term	Subject	Duration	Topic	Sub-topic
Primary Seven	Term I	Social Studies (SST)	40 Minutes	Location of Africa	Rift Valley

2. Competences

Subject Competences	Language Competences
Learners locate Africa on the world map using latitudes and longitudes and identify major physical features including the Rift Valley.	Learners correctly read, spell and write vocabulary related to continents and physical features.
Learners explain the formation, position and importance of the Rift Valley in Africa.	Learners use descriptive and explanatory sentences to discuss the Great Rift Valley.

3. Methods, Life Skills, References and Teaching/Learning Aids

Teaching Methods	Life Skills & Values	Reference	Teaching/Learning Aids
Question and Answer, Discussion, Demonstration, Mapping	Critical Thinking, Observation, Communication, Environmental Awareness	NCDC Primary Seven SST Curriculum	World map, Atlas, Chalkboard diagrams, Flashcards, Charts, Textbooks

4. Teaching and Learning Activities

Steps	Teacher's Activity	Learner's Activity
1. Introduction	Greets learners, introduces the topic, displays a world map and locates Africa. Explains meaning of Rift Valley.	Respond to greeting, observe the map and answer oral questions.
2. Presentation	Explains the location and formation of the Great Rift Valley and areas it passes through in East Africa.	Listen, take notes and ask questions.
3. Illustration	Draws a diagram of the Rift Valley showing escarpments and valley floor.	Copy and label the diagram correctly.

4. Practice	Guides learners to locate the Rift Valley on the map and mention its importance.	Come to the map, identify and explain importance.
5. Conclusion	Summarises key points and asks oral questions for assessment.	Answer questions and summarise lesson content.

5. Evaluation

Strength	Weakness	Way Forward
Learners actively participated and correctly located Africa and the Rift Valley on the map.	Some learners had difficulty understanding the formation process of the Rift Valley.	Use more visual aids, models and group discussions in future lessons.
