"If you want to go fast, go alone. If you want to go far, go together"

NO.	TOPIC	COMPETENCE FOR ASSESSMENT	ITEM	CLASS	ABILITY	DIRECTION OF RESPONSE	EXPECTED RESPONSE(S)
1.	UGANDA AS AN INDEPENDENT NATION	Drawing different election materials	Name the election material on which voters identify candidates of their choice during voting.	P.5	Low	Single correct response	A ballot paper
2.	LIVELIHOOD IN OUR SUB-COUNTY / DIVISION	Matching solutions to the problems.	State one reason for taking care of social service centres in our community.	P.3	Medium	Multiple possible correct responses	To keep them clean and attractive. To prevent the spread of diseases. To make them last longer. To ensure that people continue getting services from them. To reduce the cost of repairing or rebuilding them. To show respect and appreciation for government property. To make work easier for the people who use them. To provide a safe and comfortable environment for users. To encourage more people to use them. To promote development in the community. To teach others, especially children, the importance of responsibility and good behaviour. To attract support from the government and other organizations. To prevent accidents and injuries.

							To create a good image for the community. To save time that would be wasted if the centres were damaged or closed. To encourage unity and cooperation among community members as they care for the centres together. To ensure that future generations also benefit from the services.
3.	PEACE AND SECURITY	Talking about factors that promote peace and security in a home.	Name any one factor that promotes security at home.	P.1	medium	Multiple possible correct responses	Loving and caring for each other. Respecting one another. Sharing family responsibilities fairly. Forgiving one another when mistakes are made. Good communication among family members. Obeying parents and elders. Praying together as a family. Avoiding quarrels and fights. Helping one another in times of need. Being honest and truthful. Spending time together as a family. Avoiding the use of bad or abusive language. Being patient and understanding. Avoiding drunkenness and misuse of family resources. Teaching children good morals and discipline. Solving family problems peacefully.

							Showing kindness to visitors and neighbours. Providing basic needs for all family members. Listening to each other's opinions and ideas. Avoiding discrimination or favouritism among children.
4.	CULTURE AND GENDER IN OUR SUB-COUNTY/ DIVISION	Describes important ceremonies	Mention any one activity that is carried out during a Traditional African naming ceremony.	P.3	High	Multiple possible correct responses	Prayers and blessings are offered to thank God and the ancestors. The baby is officially given a name. Elders announce or whisper the baby's name. The baby is introduced to relatives and community members. The umbilical cord or special herbs may be used in the ceremony for blessing. Traditional songs and dances are performed. Relatives and friends bring gifts for the baby and the parents. A special meal or feast is prepared and shared. Elders give advice and blessings to the parents. Traditional beer or local drinks may be shared (by adults). Family members clap or ululate to celebrate. A symbolic act, such as putting the baby's feet on the ground or water sprinkling, may be done to welcome the child to the world. The baby's hair may be shaved or oiled with herbs as a sign of purification. The clan leader or head of the family may perform the main ceremony.

							Thanksgiving is made to God, the spirits, or ancestors for the gift of life.
5.	TRANSPORT IN OUR COMMUNITY	Explaining safe ways of using the road. (officers who control traffic)	State any one way in which the work of a traffic police officer is different from that of a lollipop person.	P.2	High	Multiple possible correct responses	A traffic police officer controls and enforces traffic laws, while a lollipop person helps children cross the road safely. A traffic police officer works on all types of roads, while a lollipop person mainly works near schools. A traffic police officer arrests and fines traffic offenders, while a lollipop person does not arrest or fine anyone. A traffic police officer may investigate road accidents, while a lollipop person does not handle accidents. A traffic police officer carries a gun or baton, while a lollipop person carries a stop sign (lollipop sign). A traffic police officer wears a police uniform, while a lollipop person wears bright or reflective clothes. A traffic police officer works under the Uganda Police Force, while a lollipop person works under the local council or school authority. A traffic police officer controls traffic for all road users, while a lollipop person mainly helps school children and pedestrians. A traffic police officer can stop vehicles for inspection, while a lollipop person only stops vehicles to let people cross. A traffic police officer may escort important persons or vehicles, while a lollipop person does not do so.
6.	PEACE AND SECURITY	Talking about factors that promote peace	Write any one benefit of a fenced school to learners.	P.2	Medium	Multiple possible	It helps to keep learners safe from intruders and strangers.

		and security in our school				correct responses	It prevents learners from leaving the school compound without permission. It protects learners from wild animals and thieves. It keeps the school environment peaceful and orderly. It prevents accidents by keeping learners away from busy roads. It helps to protect school property from being stolen or damaged. It helps teachers to easily monitor and control learners' movements. It prevents outsiders from disturbing lessons or school activities. It creates a sense of belonging and pride among learners. It keeps the school clean and organized by controlling entry and exit points. It helps to protect crops, gardens, or school animals within the compound. It provides privacy for school activities and functions.
7.	ENVIRONMENT AND WEATHER IN OUR SUB-COUNTY/DIVISION	Describing weather changes and seasons	State any one advantage of educating people about the natural changes in our environment.	P.3	High	Multiple possible correct responses	It helps people understand the causes and effects of natural changes like droughts, floods, and earthquakes. It enables people to prepare and protect themselves from natural disasters. It helps people to use natural resources wisely. It encourages people to plant trees and protect the environment.

							It helps to reduce destruction of the environment through bad practices like deforestation. It helps people to adapt to changes in weather and climate. It promotes cleanliness and good environmental management. It helps to prevent loss of life and property during natural disasters. It encourages communities to work together in protecting their environment. It helps people to know the importance of conserving soil and water. It promotes sustainable development. It helps learners and community members to make informed decisions about land use. It encourages respect for nature and appreciation of God's creation. It helps people to avoid activities that worsen climate change, such as bush burning. It promotes government and community efforts in environmental protection.
8.	THE PEOPLE OF AFRICA, THE ETHNIC GROUPS AND SETTLEMENT PATTERNS	Discussing the problems people met during their movement and settlement.	In which one way did wild animals make pre-colonial migrations difficult?	P.7	High	Multiple possible correct responses	Dangerous wild animals such as lions and leopards attacked people on the way. Some wild animals killed or injured people and their livestock. People feared to travel through thick forests because of wild animals. Wild animals destroyed food crops along migration routes.

							They frightened travellers and slowed down their movement. Some animals like elephants blocked paths and roads used by migrants. People were forced to change routes to avoid dangerous animals. Migrants spent more time building fires or shelters to protect themselves from wild animals. The noise and movements of wild animals made it hard for people to rest at night. Diseases spread by wild animals (like tsetse flies causing sleeping sickness) affected people and animals.
9.	LOCATION OF OUR DISTRICT IN UGANDA	Using the sun and shadows to tell the direction	Give one disadvantage of using shadows in telling the direction of places.	P.4	High	Multiple possible correct responses	Shadows cannot be seen at night. Shadows are not clear on cloudy or rainy days. The length and direction of shadows keep changing during the day. It is difficult to get accurate directions using shadows alone. It cannot be used indoors or in thick forests where sunlight is blocked. It does not work when the sun is directly overhead (around midday). People who do not understand how shadows move may get wrong directions.
10.	THE EAC (THE PEOPLE OF EAST AFRICA)	Describes the organisational structure i.e. centralised and decentralised	Write any one characteristic of kingdoms in the pre-colonial Uganda.	P.6	High	Multiple possible correct responses	Ruled by a king (Kabaka, Omukama, etc.). Had organized government with chiefs and administrators. Maintained a strong army for defense.

							People had defined social roles and responsibilities. Subjects paid tribute or taxes to the king. Followed traditions, customs, and cultural practices. Economy was based on farming, trade, and cattle keeping. Clans and family systems were important in society. Kings used symbols of authority (drums, crowns, etc.). Each kingdom had its own cultural identity (language, dress, customs).
11.	PEACE AND SECURITY	Talk about ways of promoting peace and security	State any one way in which school rules and regulations promote discipline at school.	P.1	High	Multiple possible correct responses	They guide learners on what is right and wrong. They help learners to behave well inside and outside the classroom. They ensure learners arrive at school and lessons on time. They prevent quarrels and fights among learners. They encourage respect for teachers, classmates, and school property. They promote honesty and truthfulness among learners. They help learners to complete their assignments and school work on time. They make the school environment safe for everyone.

							They discourage bad habits like bullying, cheating, or stealing. They encourage learners to cooperate with teachers and peers. They teach learners self-control and responsibility. They maintain order during lessons, breaks, and school activities. They promote cleanliness and hygiene in the school compound. They encourage learners to follow school routines and schedules. They help learners focus on learning without unnecessary distractions. They prepare learners to follow rules and laws in the wider society.
12.	THE PEOPLE OF PRE-COLONIAL UGANDA	Identifies various social values.	Name any one example of personal value that should be observed in a society.	P.5	Low	Multiple possible correct responses	Honesty, Respect, Kindness Responsibility, Patience, Hard work Fairness, Forgiveness, Politeness Cooperation, Humility, Loyalty Self-discipline, Integrity, Courage
13.	Our leaders in the district	Identifying people who provide services related to these rights	State any one action that Local Council Committees can take to reduce child abuse in an area.	P.4	High	Multiple possible correct responses	Educate the community about children's rights and protection. Report cases of child abuse to the police or relevant authorities. Organize campaigns and workshops on child protection. Monitor homes, schools, and workplaces for signs of abuse. Rescue children from abusive situations. Provide counseling and support to abused children.

							Enforce laws and regulations that protect children. Encourage parents and guardians to take care of their children. Work with NGOs and government agencies on child welfare programs. Create safe spaces for children to report abuse. Promote family planning and responsible parenting. Mediate in family conflicts to prevent abuse. Ensure schools implement child-friendly policies. Raise awareness against harmful cultural practices affecting children. Train community members to identify and prevent child abuse.
14.	VEGETATION OF AFRICA	Explains how each factor influences the vegetation.	Write any one way in which the nature of the soil influences vegetation distribution in an area.	P.7	High	Multiple possible correct responses	Fertile soils support the growth of crops and dense vegetation. Sandy soils allow water to drain quickly, supporting drought-resistant plants. Clay soils retain water, supporting plants that need more moisture. Rocky soils limit root growth, so only hardy plants can grow. Acidic soils support plants adapted to low pH conditions. Alkaline soils support specific plants that tolerate high pH. Nutrient-poor soils lead to sparse vegetation or grasslands.

							Well-drained soils prevent waterlogging, allowing certain crops and trees to grow. Waterlogged soils support swampy or marsh vegetation. Soil depth affects the type of vegetation; shallow soils support small plants and shrubs. Soil texture influences the type of root systems plants can develop. Soil color can indicate fertility, affecting which plants grow best. Salty soils (saline soils) limit plant growth to salt-tolerant species. Soil composition (presence of sand, silt, clay, organic matter) determines the type of crops and natural vegetation.
15.	RESPONSIBLE LIVING IN THE EAST AFRICAN ENVIRONMENT	Devising means of managing waste in the environment	Name any one product that can be made from used plastic bottles.	P.6	Low	Multiple possible correct responses	Flower pots Bird feeders Storage containers Watering cans Decorative items (vases, lamps, ornaments) Pencil holders Planters for herbs and vegetables Toys and crafts Jewellery (bracelets, necklaces) Building materials (plastic bricks or tiles) Bags and wallets

							Furniture (chairs, stools) Greenhouse panels or mini-greenhouses Rainwater collectors Soap or detergent dispensers Home organizers and dividers Garden edging or fencing Piggy banks or coin holders Footwear (flip-flops, sandals) Art and sculptures
16.	HOW UGANDA BECAME A NATION	Discussing how Africans reacted towards British rule in Uganda.	Give any one reason for the slow establishment of British rule in some communities of Uganda.	P.5	Medium	Multiple possible correct responses	Strong resistance from local leaders and communities Difficult terrain and poor transport networks Presence of powerful kingdoms with organized armies Frequent local wars and conflicts Lack of sufficient British military forces initially Cultural and religious differences slowing cooperation Limited knowledge of the interior regions Diseases such as malaria affecting British forces Strong clan or community loyalty making conquest difficult Economic self-sufficiency of communities reducing reliance on British trade

							Negotiation and diplomacy taking time before agreements were reached Fear and mistrust of foreigners by local populations Difficult communication between British outposts and the interior Seasonal changes affecting movement and campaigns Resistance to taxation and foreign laws
17.	ECONOMIC DEVELOPMENT IN AFRICA	Mentioning common challenges in their lives and suggesting solutions to them	Identify any one way in which the government of Uganda is solving the problem of land-related conflicts.	P.7	High	Multiple possible correct responses	Establishing land tribunals and courts to handle disputes Passing and enforcing land laws and policies Promoting land registration and issuing official land titles Mediating conflicts through local council leaders and elders Sensitizing communities about land rights and responsibilities Demarcating land boundaries clearly Resolving disputes between customary and statutory land systems Encouraging alternative dispute resolution methods Conducting surveys to verify land ownership Promoting fair compensation in cases of land acquisition Monitoring and regulating land sales and transfers

							Addressing illegal land grabbing through legal action Supporting community-based land conflict resolution programs
18.	PHYSICAL FEATURES IN UGANDA	Explaining the concept on formation of various physical features.	Write one way in which the formation of Lake Kyoga is similar to that of Lake Victoria.	P.5	High	Multiple possible correct responses	Both were formed as a result of down warping.
19.	THE ROAD TO INDEPENDENCE IN EAST AFRICA	Gives the importance of political stability in East Africa.	Give one reason for the faster development of politically stable African countries compared to those experiencing civil wars.	P.6	High	Multiple possible correct responses	Peaceful environment attracts local and foreign investment Stable governments can plan and implement long-term development projects Efficient use of resources without diversion to war efforts Better infrastructure development (roads, schools, hospitals Improved education and health services Encourages entrepreneurship and business growth International aid and support are easier to access Citizens feel safe and can participate in economic activities Rule of law and good governance promote accountability Political stability reduces brain drain and retains skilled workers Stable countries can trade more easily with neighbors and globally Social services reach more people without disruption from conflict

							Confidence in property rights and land ownership encourages investment Tourism develops safely, generating income for the country Civil peace fosters unity and cooperation among communities
20.	POPULATION, SIZE AND DISTRIBUTION	Discussing how HIV/AIDS affects population (social and economic effects of HIV/AIDS on the population)	State one effect of HIV/AIDS on the social life of the people of Uganda.	P.5	High	Multiple possible correct responses	Loss of family members and loved ones Increased number of orphans and child-headed families Breakdown of family structures Stigmatization and discrimination against infected persons Increased domestic violence in some households Emotional stress and grief among family and community members Reduced participation in social and community activities Disruption of education for children affected by HIV/AIDS Increased dependence on extended family or community support Migration of people in search of care or work Social isolation of people living with HIV/AIDS Strain on community support systems and social networks Loss of cultural and social knowledge when elders die prematurely Fear and anxiety affecting social interactions

21.	THE ROAD TO INDEPENDENCE IN EAST AFRICA	Debating the rights and responsibilities of citizens.	In which one way can the people of Uganda contribute to good governance?	P.6	High	Multiple possible correct responses	Voting responsibly during elections Respecting and obeying the law Paying taxes promptly and honestly Reporting corruption and abuse of power Participating in community development programs Attending public meetings and forums Respecting the rights of others Serving in local councils or public offices when elected or appointed Holding leaders accountable for their actions Promoting transparency in public institutions Educating others about their civic duties and responsibilities Supporting peaceful coexistence and national unity Practicing honesty and integrity in personal and public life Volunteering in government or community projects Encouraging fair and free media to monitor government activities
22.	PHYSICAL FEATURES IN UGANDA	Explains the influence of physical features on climate.	Why are lowland areas in Uganda warmer than highland areas?	P.5	High	Single - correct response	Lowlands are at lower altitudes, so the air is warmer. Temperature decreases with increasing altitude, making highlands cooler. Lowlands receive more direct sunlight than highlands.

23.	THE MAJOR RESOURCES OF EAST AFRICA	Discusses the problems and suggests the solutions related to fishing in East Africa.	Give one reason for enforcing laws against poor fishing methods in Uganda.	P.6	High	Multiple possible correct responses	To protect fish species from extinction To maintain sustainable fish stocks for future generations To prevent destruction of aquatic habitats To ensure food security for communities dependent on fish To promote responsible and ethical fishing practices To support the livelihoods of fishermen through sustainable fishing To reduce environmental pollution caused by harmful fishing methods To comply with national and international conservation laws To prevent conflicts among fishermen over scarce resources To maintain biodiversity in lakes, rivers, and wetlands To encourage the use of modern, safe, and efficient fishing techniques To control overfishing and illegal fishing practices
24.	POPULATION SIZE AND DISTRIBUTION	Discusses the solutions to problems associated with high and low population density.	Mention one way in which the government of Uganda can improve the living conditions of slum dwellers.	P.5	High	Multiple possible correct responses	Provide affordable and decent housing Improve access to clean water and sanitation facilities Develop proper drainage systems to prevent flooding Ensure regular garbage collection and waste management Provide electricity and street lighting

							Build and maintain roads and public transport within slums Promote education and vocational training for residents Improve access to healthcare services Create employment opportunities and support small businesses Enforce land use and building regulations to prevent overcrowding Encourage community participation in planning and development Provide social services for vulnerable groups (children, elderly, disabled) Support slum upgrading projects and urban planning initiatives
25.	TRANSPORT IN OUR COMMUNITY	Explain safe ways of using the road.	What is the meaning of the road sign below? 	P.2	High	Single - correct response	Two-way traffic Ahead This means that the road ahead carries traffic moving in both directions, so drivers should be careful, stay on their side of the road, and watch for oncoming vehicles.
26.	ENVIRONMENT AND WEATHER IN OUR SUB-COUNTY / DIVISION	Discussing the importance of weather and dangers of weather changes.	Write one benefit of windy weather to human activities.	P.3	Medium	Multiple possible correct responses	Produces electricity using wind turbines Helps in sailing and boating Supports flying kites and other recreational activities Aids in pollination of some crops Provides natural ventilation and cooling Dries crops, grains, and clothes Helps disperse smoke and air pollutants

							Powers wind-driven transport like windsurfing or sailboats
27.	POST-INDEPENDENCE AFRICA	Discusses advantages and disadvantages of. economic cooperation	Mention one way in which economic co-operation promotes better standards of living among the people of Africa.	P.7	High	Multiple possible correct responses	Increases trade opportunities Creates jobs for the population Improves infrastructure such as roads, ports, and energy supply Provides access to modern technology and skills Promotes economic stability Attracts foreign investment Reduces poverty Improves social services like health and education Enhances agricultural production and food security Encourages industrialization
28.	THE ROAD TO INDEPENDENCE IN EAST AFRICA	Explaining the process of colonial rule in East Africa.	Give one role of the Akidas during the German rule in Tanganyika.	P.6	Low	Multiple possible correct responses	Collected taxes from the local people for the Germans Maintained law and order in local communities Recruited labour for German projects Reported local affairs to German authorities Supervised villages to ensure compliance with German policies Assisted German forces in military operations
29.	KEEPING PEACE IN OUR SUB-COUNTY/DIVISION	Discussing child responsibilities	Name the activity that children can carry out in a community to promote their rights.	P.3	High	Multiple possible correct responses	Joining children's clubs Participating in community clean-ups Attending awareness and education programs on children's rights

							Reporting cases of abuse or neglect Helping other children in need Taking part in school joining campaigns for children's welfare Promoting equality and inclusiveness among children Participating in sports and cultural activities Supporting community development projects
30.	TRANSPORT IN OUR COMMUNITY	Name uses and types of transport in our community	State one advantage of using tarmac roads over murram roads.	P.2	High	Multiple possible correct responses	Tarmac roads are durable, murram roads wear out quickly Tarmac roads are smooth, murram roads are rough Tarmac roads can be used in all weather, murram roads get muddy in rain Tarmac roads cause less vehicle damage, murram roads cause more Travel is faster on tarmac roads, slower on murram roads Tarmac roads produce little dust, murram roads are dusty Tarmac roads handle heavy traffic, murram roads handle light traffic Tarmac roads are safer, murram roads are slippery when wet Tarmac roads need less maintenance, murram roads need frequent repairs Tarmac roads promote trade, murram roads limit transportation

31.	THINGS WE MAKE	Identifying things, we make	Draw one product that is made of papyrus reeds.	P.2	High	Multiple possible correct responses	
32.	HOW PEOPLE MEAT THEIR NEEDS IN OUR DISTRICT	Identifies problems service providers meet.	Identify one challenge faced by traders as a result of selling similar goods.	P.4	High	Multiple possible correct responses	High competition Lower prices Difficulty attracting customers Low profit margins Overstocking Risk of business failure Dependence on market trends Higher marketing costs Conflicts among traders Difficulty differentiating goods
33.	LIVELIHOOD IN OUR SUB-COUNTY/DIVISION	Matching solutions to problems.	Give any one reason for providing personal protective equipment to people working in a factory.	P.3	High	Multiple possible correct responses	Protects against injuries Prevents exposure to harmful substances Reduces risk of accidents Protects hearing Protects eyes Promotes hygiene Enhances worker confidence Ensures compliance with safety laws
34.	LOCATION OF OUR DISTRICT IN UGANDA	Locates important places in our district	State on way through which the Uganda Prisons Services helps criminals to become useful citizens.	P.4	High	Multiple possible correct responses	Provides education Offers vocational training

							Gives counselling and guidance Runs rehabilitation programs Provides health services Offers religious guidance Supports reintegration into society
35.	HOW PEOPLE MEET THEIR NEED	Discusses and suggests solutions for problems faced by social service providers.	Write one step the government of Uganda has taken to fight corruption in public offices.	P.4	High	Multiple possible correct responses	Established anti-corruption agencies Enforced anti-corruption laws Promoted transparency in public offices Conducted public awareness campaigns Strengthened accountability through audits Protected whistleblowers Digitized public services
36.	GOD'S WORD FOR US	Explains the importance of Jesus' life, death and resurrection	Name the term that refers to the day when Jesus Christ went to heaven after resurrection.	P.5	High	Single-correct response	Ascension Day
37.	ANCESTORS, OURSELVES AND THE SPIRIT	Compares African traditional beliefs and Christian beliefs.	Give one practice which showed that Africans had religion before introduction of foreign religions.	P.6	High	Multiple possible correct responses	Worshipping ancestors Belief in a Supreme Being or Creator Offering sacrifices to spirits or gods Using traditional rituals and ceremonies Consulting diviners or seers Observing sacred groves, rivers, or mountains Practicing initiation rites Belief in spirits and spiritual forces
38.	CHRIST'S GIFT FOR THE JOURNEY	Explains how the Holy Spirit teaches, encourages and guides	State any one way in which reading the Holy Bible regularly helps Christian to overcome temptations.	P.6	High	Multiple possible correct responses	Strengthens faith Provides guidance

		one overcome temptations					Increases knowledge of God's word Encourages self-discipline Offers comfort and encouragement Reinforces moral values Equips for spiritual battles
39.	FAITH	Tells how one can grow in faith	Give one reason why some Christians name their children after Saints.	P.5	High	Multiple possible correct responses	To honour the saint To seek the saint's protection To inspire the child to follow the saint's example To show devotion to God through the saint To continue family or religious tradition
40.	GOD'S WORD FOR US	Explains the importance of Jesus' life, death and resurrection.	Give one reason why Baby Jesus was taken to Egypt when he was born.	P.5	High	Multiple possible correct responses	To escape King Herod's massacre To fulfil prophecy To ensure His safety To allow God's plan to unfold
41. (a)	MAJOR RESOURCES OF EAST AFRICA	Discusses both traditional and modern methods of farming	Name any one method of crop cultivation used in your community.	P.6	Low	Multiple possible correct responses	Broadcasting Drilling Transplanting Ridge planting Flat planting Mixed cropping Mono-cropping
(b)		Outlines problems and suggests solutions	State any one way in which the use of modern machines improves crop growing in Uganda.	P.6	High	Multiple possible correct responses	They help to prepare large pieces of land quickly for planting. They save time Reduces labour costs during farming activities.

							They help farmers to plant crops evenly and on time. They improve the quality of work, such as proper ploughing and harvesting. They help in spraying crops effectively against pests and diseases. They enable quick and efficient harvesting of crops. They help to reduce post-harvest losses. They make it possible to irrigate crops during dry seasons. They help farmers to transport farm produce easily from gardens to markets.
(c)		Outlines problems and suggests solutions	State one reason why some East African governments reduce taxes on some farm produce.	P.6	High	Multiple possible correct responses	To encourage farmers to produce more crops. To promote agricultural development in the country. To make farm produce cheaper for consumers. To increase farmers' incomes and improve their standards of living. To promote export trade by making farm produce more competitive in foreign markets. To attract investors into the agricultural sector. To reduce rural poverty by supporting small-scale farmers. To ensure enough food supply in the country.
42. (a)	VEGETATION IN OUR DISTRICT	Identifies natural and planted vegetation	Mr. Opio started a tree planting project on his land. After some years, his land was thickly covered with trees. Name the type of forest that has grown on Mr. Opio's land.	P.4	Low	Single - correct response	Planted forest

(b)		Identifies ways of caring for vegetation	Mention any one way in which Mr. Opio can continuously care for the trees	P.4	High	Multiple possible correct responses	By watering them regularly. By weeding around them. By mulching their bases. By protecting them from animals. By pruning dry and diseased branches. By replacing dead seedlings. By applying manure or fertilizer. By controlling pests and diseases. By avoiding bush burning near them. By loosening the soil around them.
(c)		Reading and writing words and sentences related to: (i) Types of vegetation (ii) Importances and uses of vegetation (iii) Caring for vegetation	Write any two benefits Mr. Opio will get from the forest.	P.4	Medium	Multiple possible correct responses	Mr. Opio will get timber for building and furniture making. Mr. Opio will get firewood and charcoal for cooking. Mr. Opio will benefit from rainfall formation. Mr. Opio will have protection against soil erosion. Mr. Opio will get medicine from some forest plants. Mr. Opio will get fruits and nuts for food. Mr. Opio will enjoy clean and fresh air. Mr. Opio will earn income from selling forest products. Mr. Opio will get employment opportunities from forest activities. Mr. Opio will enjoy a cool and beautiful environment.

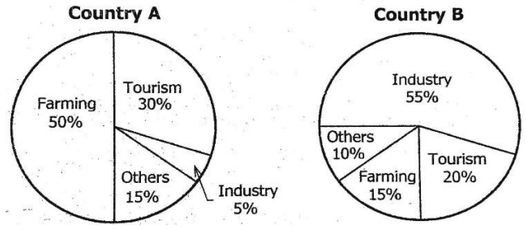

43. (a)	NATIONALISM AND THE ROAD TO INDEPENDENCE IN AFRICA	Discussing the problems faced by Pan-Africanists and nationalists during their struggle for independence.	State any two reasons why colonialists stopped political rallies organised by Africans during the struggle for independence.	P.7	High	Multiple possible correct responses	They feared Africans would unite and oppose colonial rule. They wanted to prevent the spread of anti-colonial messages. They feared the rallies could lead to violence and disorder. They aimed to weaken African political movements. They wanted to maintain their control and authority. They feared Africans would demand independence more strongly.
(b)	POST INDEPENDENCE AFRICA	Explains why the formation of AU was necessary.	In which two ways can African countries protect their independence?	P.7	High	Multiple possible correct responses	By having strong and disciplined national security forces. By maintaining political stability and good governance. By promoting national unity among citizens. By developing the economy to reduce dependence on other countries. By protecting natural resources from exploitation by foreign interests. By strengthening the rule of law and respect for the constitution. By having independent foreign policies. By investing in education and skilled human resources.

							By encouraging local industries and reducing reliance on imports. By participating in regional and international organizations to safeguard interests. By promoting social services like health and infrastructure to improve citizens' welfare. By resisting corruption and ensuring accountable leadership.
44. (a)	NATURAL RESOURCES IN UGANDA	Locating different natural resources in Uganda.	Study the sketch map of Uganda below as use it to answer questions that follow.  Name the national game park marked **A**	P.5	High	Single-correct response	Queen Elizabeth National Park/ Kazinga Channel National Park
(b)	PHYSICAL FEATURES IN UGANDA	Identifies the importance of different types of physical features.	Mention one benefit of the physical feature marked **R** to the people living around it.	P.5	High	Multiple possible correct responses	• It provides fresh water from rivers and springs. • It provides fertile soil for farming on its slopes. • It provides timber and firewood from its forests. • It provides minerals and rocks for construction and trade. • It helps to modify the of the surrounding area. • It offers protection from strong winds. • It provides tourism opportunities for income. • It provides medicinal plants for traditional medicine. • It offers a habitat for wildlife. • It provides scenic beauty and recreation opportunities.

(c)	LOCATION OF UGANDA ON THE MAP OF EAST AFRICA	Identifies the neighbouring countries of Uganda using cardinal and semi-cardinal points.	In which one way is Uganda similar to country marked **M** in terms of location?	P.5	High	Multiple possible correct responses	• Both are landlocked countries • Both do not have their own seaports • Both do not have a coastline • Both are hinterlands
(d)	PHYSICAL FEATURES IN UGANDA	Identifies physical features of Uganda	Why does river marked **Z** flow towards lake **Y**?	P.5	High	Multiple possible correct responses	• The source of river marked **Z** is at higher altitude than Lake **Y** • Lake **Y** is at a lower altitude than the source of River marked **Z**
45. (a)	NATURAL RESOURCES IN UGANDA	Discusses ways of caring for natural resources. (human labour)	A part from technical skills, mention two other factors to consider when selecting human labour to work in an industry.	P.5	High	Multiple possible correct responses	• Physical fitness and health • Age • Experience • Attitude and discipline • Reliability and punctuality • Education level • Communication skills • Creativity and problem-solving ability • Moral character and honesty • Teamwork • Adaptability • Motivation and interest
(b)	NATURAL RESOURCES IN UGANDA	Discusses ways of caring for natural resources. (human labour)	Write two ways in which the government of Uganda can reduce the movement of skilled labour out of the country.	P.5	High	Multiple possible correct responses	By paying workers good salaries. By providing more jobs. By giving good working conditions. By training workers to improve their skills. By rewarding hardworking workers. By improving workplaces. By encouraging love for the country. By fighting corruption. By giving benefits to workers who return from abroad. By making rules to keep skilled workers in the country.

46. (a)	UGANDA AS AN INDEPENDENT NATION.	Identifies national symbols and explains their significance	Mention any two lessons Ugandans can learn from the second stanza of the Uganda National Anthem.	P.5	High	Multiple possible correct responses	Ugandans should love their country. Ugandans should work hard for peace and unity. Ugandans should respect each other. Ugandans should protect the country's freedom. Ugandans should help each other and work together. Ugandans should be proud of their country.
(b)	UGANDA AS AN INDEPENDENT NATION	Explain the importance of the national symbols of Uganda as a nation	The Uganda National Anthem is sung first, followed by other anthems and also sung last to close any official function. Give two reasons for following this regulation.	P.5	High	Multiple possible correct responses	To show respect for the country. To honour the flag and the nation. To remind people of their duty to the country. To start and end functions in an orderly way. To unite everyone at the function.
47. (a)	TRANSPORT	Talking about measures related to transport.	Give two factors that influence the use of animal transport in Uganda.	P.1	High	Multiple possible correct responses	Type of terrain Availability of animals Cost of other transport Type of goods Road conditions Distance to be covered Tradition and culture Purpose of transport Fuel availability and Climate
	TRANSPORT AND COMMUNICATION	Describing different types of transport.	State two steps being taken by the East African governments to improve railway transport.	P.6	High	Multiple possible correct responses	Rehabilitating old railway lines. Building new standard gauge railways (SGR).

							Buying modern locomotives and wagons. Improving railway stations and cargo facilities. Training railway workers. Encouraging private investment in railways. Linking railways with ports and neighbouring countries. Using technology to manage railway operations. Maintaining railway tracks regularly. Promoting safety and security on railways.
48. (a)	THE ROAD TO INDEPENDENCE IN UGANDA	Identifies the characteristics of colonial administrative system and its impact	State any two laws that were introduced by the colonial governments in East Africa.	P.5	Medium	Multiple possible correct responses	Land laws Taxation laws Labour laws Trade laws Pass laws Education laws Political laws Forest and water laws Customs and revenue laws Criminal laws
(b)	THE ROAD TO INDEPENDENCE IN UGANDA	Mentioning two ways Africans protested against the colonial rule.	Write two ways in which the people of East Africa showed their dislike for colonial rule.	P.5	Medium	Multiple possible correct responses	They refused to pay taxes. They resisted forced labour. They organized rebellions. They boycotted colonial goods. They hid or destroyed colonial property.

							They escaped from colonial farms. They joined political movements. They disobeyed colonial laws. They went on strikes. They preserved their culture and traditions.
49. (a)	THE ECONOMIC DEVELOPMENTS IN AFRICA	Identifies the major economic activities of African countries of the case study.	The pie chart below show sources of income for two countries; **A** and **B.** Use them to answer the questions that follow.  Name the highest source of income for: (i) Country **A** (ii) Country **B**	P.7	High	Single - correct response	A – farming B – industry
